

Log In to Access the CSA Web Systems

If you are not an authorized user (FMCSA, State Partner, or motor carrier), please return to the [CSA home page \(/\)](#).

GO TO THE FMCSA PORTAL TO LOG IN (HTTPS://PORTAL.FMCSA.DOT.GOV/)

How to Log In via the FMCSA Portal

To protect your data and make access more secure, the CSA web systems (CSA Outreach, the CSA Prioritization Preview, and the Activity Center for Enforcement) now require multifactor authentication. Users will no longer enter a Portal user ID and passwords or a U.S. DOT Number and PIN.

1

Step One

Visit

<https://portal.fmcsa.dot.gov>
(<https://portal.fmcsa.dot.gov>).

2

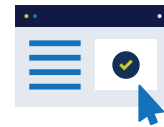

Step Two

Select the appropriate login method.

- DOT EMPLOYEES AND CONTRACTORS: select MyAccess.
- MOTOR CARRIERS AND STATE PARTNERS: select Login.gov.

3

Step Three

After logging in to the FMCSA Portal, select "CSA Outreach (ACE)" or "CSA Prioritization Preview" from the "Available FMCSA Systems" list, then click the "Go" button. This will take you to that CSA web system as a logged in user.

FMCSA is using Login.gov to allow you to sign in to the CSA web systems safely and securely.

About Login.gov

Why do I need a Login.gov account?

Login.gov allows non-Federal users, including motor carriers and State enforcement, to sign in to the CSA web systems safely and securely. You will use your Login.gov username (email address) and password each time you log in to the CSA web systems.

Note: Federal employees and contractors do not need a Login.gov account, use the link above to log in via MyAccess using your PIV card.

If I already have a Login.gov account, do I need to create a new one?

No. If you already have a Login.gov account, for example to access a different government system, you can log in using your existing Login.gov account to access the CSA web systems.
